

KST/38/2747/2024

4th July 2024**Kasthuri Sreenivasan Memorial Textile Quiz – 2024****6th Inter Collegiate Quiz Competition for Students of Textiles**

To commemorate the Silver Jubilee celebrations of our Kasthuri Sreenivasan Culture Centre and in memory of our Founder Trustee **Shri Kasthuri Sreenivasan**, an Inter-Collegiate Quiz Competition exclusively for Textile Students was introduced in the year 2013. Enthused by the overwhelming response from the Academic Institutions, we decided to conduct this competition once in 2 years covering Engineering colleges / Polytechnics/Departments affiliated to Universities offering courses in Textiles and Fashion technology.

As per the feedback obtained from the students after the 1st quiz programme, it was decided to conduct two quizzes, one for Diploma and the second for Degree students. Accordingly, we conducted four quiz programmes in September 2015, 2017, 2019 and 2022 with your support. Now, we propose to conduct the **6th quiz programme** on the same lines on **14th September 2024**.

It is proposed by our coordinating committee that 3rd year Diploma students studying textile related courses in Polytechnic Colleges will be covered in Group I. Under Group II, students pursuing their 3rd & 4th year in Degree courses of Textiles/Fashion Technology/Apparel & Garment technology/ Textile Chemistry / Textile Engineering / Handloom Technology will be covered. Tex Quiz programmes will be conducted separately for Group I & Group II.

Detailed brochure will be sent to you by end of this month. As a move to motivate & enthuse the students of Textile Technology, this event is being organised and there will be **no entry fee**. Each institution can send **five teams** for this programme. **Each team will consist of two members. Online registration only eligible**. Approval from each college for entry of students for the quiz programme is expected.(A letter from the HOD of the department is enough for the list of students participating the same.)

An enrolled team in each group will first undergo a written qualifying round separately which will be for a duration of 60 minutes . They will have to take objective questions with multiple options to be answered within the prescribed time limit. From this round, **six teams** in each group will qualify for the quiz finals.

The finals shall have 10 rounds of questions for each group including an audio/video round, a picture identification round, logo identification round and rapid-fire round. Questions for the quiz as well as written test qualifier shall be drawn from different functional areas of textiles namely, raw material, Spinning, Weaving, Knitting, Non-woven, Chemical processing, Garment and Apparel technology, Fashion technology, key operational measures in the above areas and textile engineering.

What is at Stake?

- Competing teams will vie for the **"Kasthuri Sreenivasan Shield"** which will be awarded to the 1st prize winners of each group.

First 3 Cash prizes for each Group:

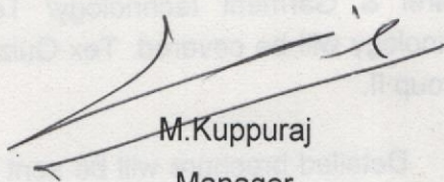

Group I - Rs.25,000/-, Rs.20,000/- and Rs.15, 000/-

Group II- Rs.30,000/-, Rs.25,000/- and Rs.20,000/-

- All the prize winners up will get a **three years subscription** for the magazine, **Spinning Textiles** and one year for runners.

We firmly believe you will request all your students to be ready and join with us in this inter collegiate competition.

for Kasthuri Sreenivasan Trust
